

THERMAL LIFE® FAR INFRARED SAUNA

SUSAN'S FAVORITE INFRARED SAUNA -- THE ONE SHE USES AND HIGHLY RECOMMENDS

Thermal Life Far Infrared Sauna is Susan's Favorite Health Product — the one she has enjoyed for over 20 years and recommends to anyone seeking vibrant healthy and vitality.

Far infrared is a section of the natural band of light that is not visible to the human eye, but can be felt as heat. Unlike the high heat produced in traditional saunas, far infrared heat is able to penetrate the body to a depth of 1.5 to 2 inches. This stimulates the body's cellular detoxification process more effectively and at lower temperature than a traditional sauna.

What are other benefits of this sauna?

- ★ Combatting toxic overload
- ★ Stress relief
- ★ Enhanced immune health
- ★ Weight and cellulite control
- ★ Improved cardiovascular conditioning
- ★ Pain relief and relaxation

Thermal Life Far Infrared Sauna

Rejuvenate with Thermal Life

Our level of toxic exposure far outstrips our body's natural elimination mechanisms. Studies indicate that most of us have between 400 and 800 chemical residues stored in the fat cells of our bodies. To stay healthy and strong in this chemical-ridden world, it's essential to help the body increase its removal of harmful and potentially deadly waste products.

What's the Solution:

The solution—regular, effective, whole-body detoxification. Far infrared sauna therapy boosts the body's ability to detoxify, leading to significant and lasting health benefits. In fact, use of the *Thermal Life Far Infrared Sauna* is recognized worldwide by medical doctors and health practitioners as perhaps the most effective method of removing both chemical and heavy metal toxins (including mercury) from the body.

Thermal Life is a registered trademark of High Tech Health International, Inc.

IONIZER PLUS® WATER ELECTROLYZER

THE WATER FILTRATION SYSTEM THAT SUSAN USES AND RECOMMENDS

Normal, healthy body functioning has extreme specific pH requirements. Arterial blood, for instance, has a pH between 7.35 and 7.45. Though the body utilizes a buffering mechanism to maintain a specific pH, this buffering mechanism can be stretched beyond its capacity by life's many sources of acidity. When the blood pH chronically sits toward the acidic side of this range, research shows this has a slow but steady negative impact on health.

WHAT'S THE SOLUTION?

The solution is to return the body to a state of balance where it can heal itself of the other problems. The *Ionizer Plus*, through a process of electrolysis, concentrates minerals (calcium, magnesium, potassium) already present in your water. In the process of doing so, the minerals get split into the highly bioavailable ionic form and the resulting water is alkaline (has a pH greater than 7.0). The electrolysis process also reduces the surface tension of the water making the water itself more easily absorbed by the body. Not only does this water help fight and reverse on-going acidity, but it also is a rich source of the very minerals robbed by acidity in the past. To order the *Ionizer Plus* or the health-enhancing *Thermal Life® Far Infrared Sauna*—Susan's two favorite products that she's enjoyed and recommended for years, call the company.

The *Ionizer Plus* ~ Your Solution for Whole Body Health: Reverse the conditions that inhibit the body's own mechanisms for maintaining vibrant health. This quintessential water machine fosters vibrant health in the following ways as it helps to . . .

- Accelerate hydration
- Increase mineral absorption
- Bolster higher antioxidant efficiency
- Balance the digestive system
- Beautify the skin and increase energy

The Ionizer Plus™ naturally produces remarkably clean, safe and healthful water in seconds. Along with the sauna, it is one of the best investments you can make for vibrant health and youthful vitality.

The most essential element in nutrition is water. Depending on the source, water almost always contains valuable minerals such as calcium, magnesium, and potassium. The *Ionizer Plus* water electrolyzer concentrates the minerals present in your water. In the process of doing so, it makes both the water and the minerals more bioavailable and easily absorbed. Drinking this has the effect of improving the digestive system and, in fact, the company guarantees it will solve digestive problems within 30 days, or you can return it. It has a 5-year warranty and it is worth every penny. Every aspect of your health will improve.
